703 - 424 - 6092

## Education

### Carnegie Mellon University

Human-Computer Interaction

Information Systems

Class of 2019

Cumulative GPA: 3.90

## Experience

### UX Designer - Capital One

McLean, VA | Present

Incoming UX Designer for Capital One as part of the Design Development Program.

### Product Design Intern - Apple

Cupertino, CA | Summer 2018

Worked as a Product Design Intern on Apple's iCloud team

### UX Design Intern - Prudential Financial

Newark, NJ | Summer 2017

Designed an interactive guide for expecting parents as part of Prudential's "My Financial Wellness" product. Redesigned PGIM Investment pages for migration to align with new branding styles. Created and launched user study for life insurance landing page in order to gauge interest on direct to consumer life insurance.

## Projects

### Supporting Middle School Classrooms with AI

Pittsburgh, PA | Spring 2019

Working on a team of 6 to design and prototype a novel interface that supports student collaboration in AI-enhanced classrooms. In this capstone project, we are working with local middle schools to research, design, and prototype our final product.
